Source Code Structure: We followed the standard MVC structure within the powerful Php Codeigniter framework to develop this project.

 <p>The screenshot shows a file explorer view of the 'assignment-addon' directory. It contains a 'controllers' subdirectory with an 'addons' subdirectory containing 'Assignment.php'. Other subdirectories include 'helpers', 'models', 'sql', 'uploads', and 'views'. A 'config.json' file is located at the root of the directory.</p>	<p>(a) Structure of application directory</p> <ul style="list-style-type: none">● Controllers:<ul style="list-style-type: none">○ Assignment.php: It handles all the backend functions of the Assignments.
